

JCI is pleased to offer a new service:

WORKPLACE SAFETY CONSULTING AND PLANNING

JCI's Workplace Safety Consulting and Planning Includes:

1. Space planning solutions for tenant space improvements to meet current guidelines regarding social distancing
2. Safety consulting and evaluations of existing building common areas
3. Comprehensive safe workspace plan that includes:
 - alterations to accommodate new guidelines including furniture layout & corridor/aisle width adjustments
 - analyze square foot per person requirements
 - provide color coded zones
 - safety and sanitation solutions
 - symbol and legends for easy identification
 - automatic and touchless fixture recommendations
 - air quality recommendations
 - touchless/automatic door and elevator solutions
4. Workplace Signage including floor and wall decals and wayfinding. JCI is also pleased to offer signage installation!
5. JCI is also able to procure and install any required sanitizing stations, dividers, or equipment needed to get you or your clients offices up to safety standards.

Call or email us to discuss how we can help you and/or your clients':
